

#10000-CS

U.S. Patent #6.066.834 / Canadian Patent #2233837 / ©2003 Ready Welder Corporation

The most powerful, affordable, portable, versatile MIG Welder in the world!

The Ready Welder Model # 10000-CS is most frequently bought and used by the 4x4 off-roaders, farmers/ranchers, boating industry, or anyone that is going to be using batteries as the primary power source. This model is cabled best for the battery-operated welder. The ground cable is attached to the red dual quick disconnect connectors. This makes welding jobs in remote locations easy, portable and quick. The Model # 10000-CS will also connect to most MIG/CV (constant voltage) machines and all DC output-welding machines. This model will run off any 18, 24 & 36 volt batteries in a parallel series depending on the application and material to be welded.

The Model # 10000-CS has one year 100% parts and labor factory warranty. The Cold Switch was manufactured for different types of customers (Navy, Army, Welding Shops, etc). With the Cold Switch the Ready Welder will no longer create an arc. It will only arc when the trigger is pulled. When you are finished welding you can lay the welder down with no problems of the welder creating an arc.

Ready Welder II

Model 10000-CS Features:

- Welds Steel, Stainless and Aluminum or Any Metals Where Standard One or Two Pound Spools are Available
- Connects to Batteries
 - 18 Volt Battery Can do Thin Sheet Metal
 - 24 Volt will Single Pass 1/2" @275 amp
 - 36 Volt will Weld up to 3/4" @350 to 400 amp
- Welds 22 Gage to 3/4"
- Connects to MIG/Constant Voltage Output Welders
- Uses Wire Sizes from .023 to .045 Without Changing Rollers
- Uses Heavy-Duty Tweco Quality Front End Consumables
- Wire Speeds of 50 Inches to 900 Inches Per Minute
- Polarity Indicator Lights
- Ten Foot Cable with Quick Disconnects, Can be Extended to 100 Feet
- Built-in Gas Valve
- Ground Cable Attached

Ready Welder II

Case Includes:

- RWII High-Impact MIG Gun
- Ten Feet of Cable
- One Spool of Flux Core Wire
- 300 Amp Ground Clamp
- Two Battery Clamps
- Extra Tips and Gas Hose Fitting
- Ten Extra Feet of Gas Hose
- Foam Lined Blow-Molded Tough Briefcase
